

Here's what our **'Learners'** have to say

“ I would like to say a big thank you to all the staff, they have been so helpful, friendly and welcoming ”

“ Lots of advice, good practice and useful information to use at work ”

“ I have found the last two weeks of induction training extremely interesting and insightful ”

“ All the trainers and staff are very welcoming and approachable ”

“ Thank you for a very well thought out training packaging ”

“ Very supportive and welcoming staff that made the training both interesting and enjoyable ”

...and what the **'Accreditation Bodies'** have to say

“There is evidence of safe candidate registration and certification with the awarding body and the Examination Section of the Centre has very structured procedures”

“The Centre ensures that all resources and equipment for the effective delivery are sufficient and easily accessible for all learners”

“The learner valued the support from staff and praised her assessor for the ongoing feedback and commitment that she received”

“All staff are better qualified than the minimum required. All have a background in care. This is useful not only for the skills it gives them but also for credibility with clients”
